4. New Business:
 - A. Budget review: current balance is \$300.00. Scott M. said there is no budget, funds were spent on the piano repair. The Holiday Committee assists with the chapel decorations and related Christmas items. Teresa wonders if the funds allocated for the chapel are not being considered. Sharon asked Mr. Legge about the HPC plan at the retreat, what happened to the funds approved at the BOC's budget retreat? Sharon asked Mr. Legge for clarity on the balance.
 - B. Accomplishments and goals: 1) Accomplishments- Attachment #1: See attachment. 2) Goals-To complete chapel, and complete period house (Trade St property)

Some discussion was had about the 14.2 million coming to the county. 650k to parks and recreation and \$30,000.00 to Hall Park.

Sharon mentioned we should check upcoming agendas and go to discuss specific issues.

- C. Review Master Plan: Attachment #2: see attachment. Teresa discussed the HPC'S CLG nomination: there is no deadline for submitting corrections to the December 2019 draft. There is a historical distinction, just not updated since 1985 per Christy Brantly with NC Preservation in Raleigh. The updates and correction to resubmit the report are coming along. Denise requested working report be updated so the numbers on the corrections page matches the number of the error page on the 2019 draft. Sharon will prepare information for Mr. Marley.
 - D. Sharon gave thanks to everyone on the committee for their time and efforts over their past term. A certificate was presented to Mr. Legge and Mr. Sadler showing further gratitude.
