## TOWN OF HOPE MILLS PROJECTS and ACTIVITIES

**HERITAGE PARK PHASE 1:** Construction of Phase 1 has begun by the selected contractor K&C Contractors Inc. To date they are in the stage of demolition, utility marking, and site preparation. They are also submitting shop drawings for the approval of structural reinforcement for the canopy shelters, electrical installation, and water and sewer connections. Trees have been removed that are needed for the restoration of the historic flume which will be enhanced as a storm water feature for the project. The Parks and Recreation Department is also developing a link for project updates that will be located on the front page of the Town of Hope Mills website, the Parks and Recreation social media page, as well as additional locations. This will serve as a tool to keep the general public informed about the current status of upcoming projects underway.

**HOPE MILLS LAKE MULTI-USE PATH:** The reconstruction of the multi-use path is being project managed by the Hope Mills Public Works Department. The \$499,200 dollar project has an 80/20 match funding structure with FAMPO with a total cost incurred to date of \$44,238 dollars. Projected start date is 3/15/2024.
